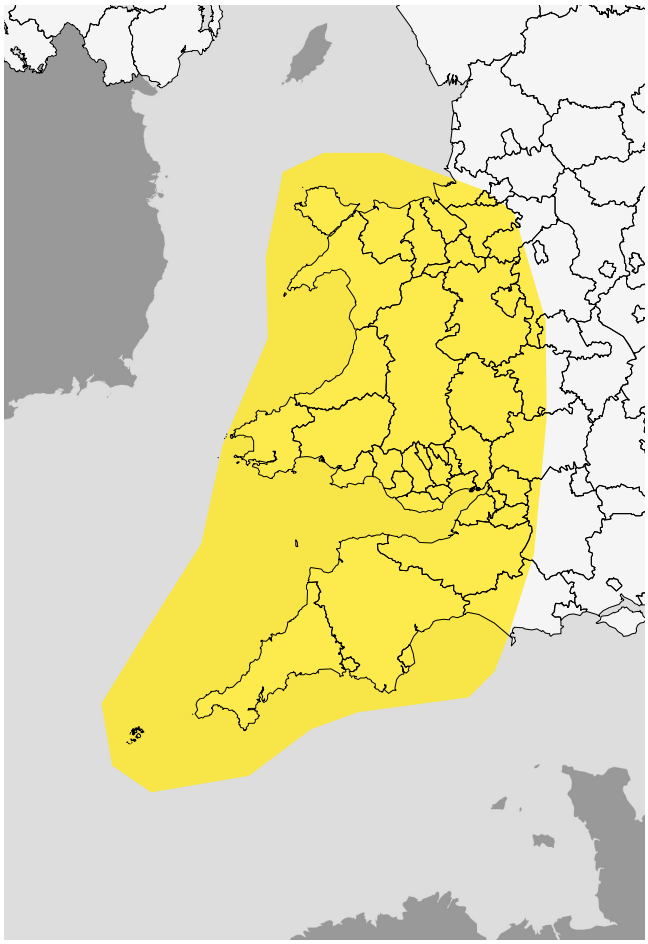
Yellow warning
Rain

Between
08:00 Mon 15 Jul 2024 and
23:59 Mon 15 Jul 2024



Heavy rain will spread north across the area during Monday.

What to expect

- Spray and flooding could lead to difficult driving conditions and some road closures
- There is a slight chance of power cuts and loss of other services to some homes and businesses
- Where flooding occurs, there is a slight chance of delays or cancellations to train and bus services
- There is a small chance of fast flowing or deep floodwater causing danger to life
- There is a small chance that homes and businesses could be flooded, causing damage to some buildings

Further details

Outbreaks of rain, some heavy and thundery, will spread steadily north across the area during Monday. Some torrential downpours are likely in places with 15 to 20 mm falling in less than an hour and as much as 30 to 40 mm in 3 hours. This is likely to lead to localised flooding, slower travel times and a small chance that homes and businesses could be flooded.

Some of the heavy rain may be accompanied by lightning bringing a further hazard.

The heavy rain will slowly ease after dark.

Very low likelihood of medium impacts

Issued at 10:29 Sun 14 Jul, 2024

Further Details (continued)

What should I do?

Check if your property could be at risk of flooding. If so, consider preparing a flood plan and an emergency flood kit.

Give yourself the best chance of avoiding delays by checking road conditions if driving, or bus and train timetables, amending your travel plans if necessary.

People cope better with power cuts when they have prepared for them in advance. It's easy to do; consider gathering torches and batteries, a mobile phone power pack and other essential items.

Be prepared for weather warnings to change quickly: when a weather warning is issued, the Met Office recommends staying up to date with the weather forecast in your area.
